

WHEN WE WERE YOUNG (Leslie and Hurtado 3-27-10)

I saw 2 lovers in Highland Park  
Kissing tenderly in the warm night air  
It was just an hour after dark  
They didn't see me sitting there  
Two kindred souls so much in love  
We were like that once ... when we were young

Just like us . 4 years ago  
When I held you close ..Beneath autumn skies  
Then came the rain. then came the snow  
And I recall the sadness in your eyes  
We always thought we'd see the sun  
Yea we were like that once.when we were young  
When we were young

Musical interlude

And now this night I sit alone  
Under that old oak tree you loved  
God took you away from me  
To love this much. there is a cost  
But a wish on a star is never lost  
And neither are you.. my love  
No neither are you.. my love  
You will always be with me..my love
